

Setting up on Hippie Hosting

1. Go to the [Hippie Hosting Store](https://hippiehosting.org:8443/store/default.html) (<https://hippiehosting.org:8443/store/default.html>) and choose the **DS106 plan** and click **Buy Now**. Don't worry about the cost, your professor should have distributed a coupon code to you to offset the cost of the plan.

2. Enter the domain name (excluding <http://www>) of your website and click **Submit**.

3. You will be presented with a summary of your order. Here you can also enter the coupon code given to you by the professor and click **Apply**. Once that is done you can click **Checkout**.
